Hi Scott - Bryan and I met with Bruce this morning. He is concerned that the map as we've drawn it creates a peninsula, which is reason for Bluff to legitimately deny the petition. To fix it, I think our best option is to redraw the map so that the disconnection boundary crosses the middle of Section 29 - we'll be taking out private property on the east side of Section 29 and a little in Section 20, 21, and 28. Does that make sense?

Is is possible for you to make that change today? Also Bruce would like an estimate of the acreage in the disconnection area - can you do that as well? Let me know if you have time or if you'd like to discuss. Sorry for putting this on you.

Thanks  
Keli

I'll take a look but I'm in the field today. I can figure it out tomorrow morning if that's soon enough.
